

## IARS ONLINE CME & EVALUATION PROCESS

IARS will provide online CME session tracking and online evaluations via the Internet. No paper submission will be accepted.

The International Anesthesia Research Society (IARS) is approved by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The IARS designates this educational activity for a maximum of 28.5 Category 1 credits toward the AMA Physicians Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the activity. CME for Poster Sessions is only given for attendance at a "Moderated Poster Session". Credit is not available for Poster Session attendance at other times. There are no CME credits for Scientific Exhibits in the Exhibit hall.

Follow these steps to access the IARS online CME session tracking and evaluation process:

1. Click on CME/Evaluation link at the IARS website ([www.iars.org](http://www.iars.org)).
